Education

Pennsylvania State University, *Computer Science*, May 2024
GPA: 3.48

Work Experience

Founder & CEO

Bootleg Boomerangs, Bemus Point, NY

May 2021 - Current Day

- Established and built a returning wooden boomerang company from the ground up
- Operated an online store in which customers can purchase the boomerangs available
 - bootlegboomerangs.com
- Managed five social media accounts to promote the business
- Developed a framework for online content in order for it to gain more interest and traction online
- Created and edited frequent video content for the social media platforms to increase traffic to the website

Restaurant Server

Ellicottville Brewing Company, Bemus Point, NY

May 2018 - August 2021

- Gained a lot of experience working in a dynamic and fast paced team environment
 - Allowed me to greatly improve my patience and communication to better my customer service skills overall
-

Academic Projects

2D Horror Game

Night, Penn State Behrend

March 2021 - May 2021

- Collaborated with a small team of developers and artists to design and fully construct a functional dynamic 2D video game
 - Worked within a certain time frame that forced our team to set out a reasonable and calculated scope for the project
 - Arranged a communication platform for team members to share ideas, game sprites, and code segments to streamline the production
-

College Endeavors

Penn State Mascot

The Nittany Lion, Penn State Behrend

November 2020, May 2021

- Participated in many on campus events and basketball games dressed as the Nittany Lion himself
 - Developed a lot of self control due to the restriction of not being able to speak while in the suit
-

Skills

Coding Languages

- Knowledgeable in the coding languages of C, C++, Java, and SQL

Video Editing

- Worked with many different video editing softwares but particularly familiar with Filmora and InShot
- Aware of several important editing techniques while also having experience with implementing them

Graphical Editing

- Possess practical experience working with many different graphical editing projects including making logos, thumbnails, and professional product pictures
